MOTOTRBO™ REMASTER YOUR WORKFORCE WITH THE RIGHT SOLUTION
HELP TEAMS WORK BETTER AND FASTER, TOGETHER

Your people are on the factory floor, at the front desk, moving across campus or around the country. Hauling freight or handling emergency repairs, MOTOTRBO connects them instantly and efficiently, everywhere they go.

Whether they need ultra-thin portables or extra-tough mobiles, integrated Bluetooth® or industry-leading data applications, we have the right solution to fit your workforce now, and evolve as your enterprise grows.

More than a progressive portfolio, MOTOTRBO is a complete and expertly integrated solution of portable radios, mobile radios, repeaters, data applications, accessories, software and services. MOTOTRBO puts the right solution into the hands of the right user – to make decisions easier, efficiency better, safety greater and productivity higher. And that can transform your enterprise.

MANY USERS. DIFFERENT DEVICES. MULTIPLE LOCATIONS. ALL MOTOTRBO.

TRANSPORTATION COMPANY

08:14:04 CUSTOMER REQUEST
A major customer needs to reroute freight to a warehouse on the other side of the city.

08:20:10 DRIVERS ENROUTE
The supervisor instantly locates his delivery crews via GPS tracking software on their MOTOTRBO system and quickly notifies them of the route change.

08:22:16 COMMUNICATE HANDS-FREE
The drivers confirm the route change using their XPR™ 5550 mobile radios with integrated Bluetooth® and their Operations-Critical Wireless earpieces for safe, hands-free communication.

08:24:12 DIRECTIONS SENT
Dispatch text messages the address and directions to drivers and confirms the required route change.

08:28:05 WAREHOUSE ALERTED
The supervisor uses his XPR 7550 radio to confirm all drivers are enroute to the warehouse.

09:27:22 DELIVERY CONFIRMED
The drivers arrive at the warehouse and use their wireless Bluetooth scanners to scan packages as they are removed from the vehicle. Delivery is confirmed to dispatch through their radios as packages are scanned.

UTILITY COMPANY/PUBLIC SERVICE

15:30:04 FAST-MOVING STORM
Heavy rain and strong winds topple trees along a local highway, knocking down power lines and scattering debris all over the road.

15:35:10 DISPERSED MOBILE WORKERS
As calls come in, dispatch locates the crews out in the field with GPS location tracking.

15:37:12 CREWS NOTIFIED
An emergency notification is sent out via text and a voice call is dispatched to their large field force over their MOTOTRBO Linked Capacity Plus system.

16:15:26 CREWS ON SITE
Using their XPR 7550 portables and remote speaker microphones with Intelligent Audio, crews are able to communicate clearly over the noise of chainsaws, trucks and weather as they tackle debris and repair power lines.

18:20:48 POWER RESTORED
Power is restored and crews log the incident and resolution via their tablet. The tablet connects wirelessly to the XPR 7550 portable via Bluetooth and sends the information to dispatch.

MANUFACTURING PLANT

19:47:01 EQUIPMENT FAILURE
A machine in operation suddenly stops. The quality manager is instantly alerted of the malfunction via automated work ticket software. He easily reads the message on the five-line color display of his SL Series portable radio.

19:48:04 TEAM ALERTED
The quality manager uses the one-touch button on the side of his radio to pull up his contacts list and quickly communicates to the maintenance lead on the floor.

19:49:15 RESPONSE INITIATED
Equipped with a rugged XPR 7550 portable and heavy-duty headset, the maintenance lead receives the communication. Even with the loud noise on the floor, Intelligent Audio in his radio automatically adjusts the volume to ensure he can hear the important message clearly.

20:14:28 DOWNTIME MINIMIZED
Equipment is back online. With 12 hour battery life and IMPRES™ technology in all XPR Series radios, communication is continuous, even with extended shifts.
DO MORE, MORE SAFELY WITH MOTOTRBO PORTABLES

• Twice the voice capacity in a 12.5 kHz licensed channel
• Up to 40% longer battery life for extended work shifts
• Lower infrastructure costs
• Integrated voice and data applications on one device
• Crystal-clear audio without background noise or static

KEEP CREWS WELL-CONNECTED WITH MOTOTRBO MOBILES

XPR 4000 SERIES
GET INTEGRATED VOICE AND DATA ON THE GO
Keep your work crews in touch as they travel with the original mobile performers – the XPR 4000 series. These radios deliver increased capacity, integrated data applications including integrated GPS, text messaging, and access to the industry’s largest application developer program, plus the exceptional voice quality you require on the go.

XPR 5000 SERIES
ENJOY UNRIVALED VOICE AND DATA EVERYWHERE
Move your business beyond voice with the feature-rich XPR 5000 series. These powerhouse mobiles deliver unrivaled voice and data communication with integrated Bluetooth audio and data, integrated GPS and text messaging, full color displays with Day/Night mode to make reading work order tickets and text messages easier, and best-in-class audio with Intelligent Audio that automatically adjusts volume to overcome background noise.

STAY IN CONTINUOUS CONTACT WITH MOTOTRBO REPEATERS

XPR 8400 AND XPR 8380 REPEATERS
SWITCH BETWEEN ANALOG AND DIGITAL SEAMLESSLY
Maximize the performance of your MOTOTRBO system with the XPR 8400 and XPR 8380 repeaters; they utilize dynamic mixed mode capability to automatically switch between analog and digital mode with two simultaneous voice or data paths in digital mode, doubling capacity without additional equipment.

MTR3000 BASE STATION / REPEATER
EXTEND COVERAGE AND CAPACITY EASILY
The MTR3000 is a 100-watt, continuous duty base station/repeater that operates in digital mode in MOTOTRBO Conventional, IP Site Connect, Capacity Plus, Linked Capacity Plus and Connect Plus systems. The MTR3000 can also operate in analog mode for conventional and LTR® /PassPort™ trunking systems.

WHY TDMA DIGITAL?
• Crystal-clear audio without background noise or static
• Integrated voice and data applications on one device
• Lower infrastructure costs
• Up to 40% longer battery life for extended work shifts
• Twice the voice capacity in a 12.5 kHz licensed channel

BE READY WITH THE RIGHT STANDARD
MOTOTRBO complies with the globally-recognized European Telecommunications Standard Institute (ETSI) Digital Mobile Radio (DMR) Tier 2 standard for professional two-way radio users. DMR is widely supported by the leading two-way manufacturers in the industry and is the most widely deployed digital mobile radio technology worldwide.

KEEP YOUR TECHNOLOGY IN TOP CONDITION
Extend the service coverage of your Motorola radios beyond the 2-year warranty with Repair Service Advantage (RSA), purchase as an option with new radios in 1, 2 or 3-year increments (U.S. only). Or select RSA Comprehensive to get all the protection of a standard RSA plan with even more coverage, including chemical, liquid and other physical damage to portable and mobile subscriber radios; purchase as an option for 3 years of coverage (U.S. only).

And, in Canada, you can extend our 2-year standard warranty with an Extended Warranty, available for a total of 3 or 5 years of coverage (Canada only).
BE IN-TOUCH AND UP-TO-THE MINUTE WITH MOTOTRBO APPLICATIONS

Take your business beyond voice and ensure all your people stay connected with the speed and efficiency of data. Whether sending a text message to crews doing road repairs or using the integrated GPS module to manage your fleet, MOTOTRBO makes response time more immediate, customer service more effective and your operation more productive.

With the industry’s largest Application Developer Program, MOTOTRBO offers a wide range of data applications to expand communication beyond voice. Plus, you can work directly with third-party developers or your IT staff to create customized applications for your unique needs.

PUT OUR APPLICATIONS TO WORK

ENHANCE SAFETY AND ACCOUNTABILITY
GPS location tracking allows efficient tracking of workers, vehicles, and business assets to enhance safety and productivity.

ACCELERATE RESPONSE TIME
Work order ticket management solutions help expedite resolution of customer issues, enhance the efficiency of personnel responding to issues, and generate reports to create efficient work flows.

STAY CONNECTED
Send and receive text messages and emails directly from your MOTOTRBO radio. Enhance worker safety and productivity by integrating with phone systems to make phone calls in places where mobile phone coverage is not available.

CONNECT WITH OTHER DEVICES
Interoperate seamlessly with technologies such as other radio systems, telephony systems and mobile computing devices.

LIFE-SAVING SOLUTIONS
Enhance worker safety with lone worker and man-down emergency alarms. These solutions integrate with location tracking solutions and can emit tones from the radio to call for help when a worker can’t be quickly and easily attached and detached with one hand, and an innovative XPR 3000 series features a uniquely designed connector so accessories can be quickly and easily attached and detached with one hand, and an innovative

SUPPORTIN? CONTROL
Conveniently monitor machine or facility alarms, and remotely control doors with advanced telemetry solutions.

MOBILIZE YOUR TEAMS
Effectively manage fleet operations and extend access to radio functions via an IP connection from remote locations.

REACH EVERYONE, EVERYWHERE WITH MOTOTRBO SYSTEMS

Want to increase the number of users on your system or extend coverage to another site? Connect workers in different locations or access voice and data without adding new frequencies? MOTOTRBO has a scalable system that fits your workforce and your facilities.

CONVENTIONAL SYSTEMS
Benefit from the best of two-way radio with digital technology and enjoy integrated voice and data communication, increased capacity, enhanced features, exceptional voice quality and extended battery performance.

IP SITE CONNECT
Use the Internet to extend MOTOTRBO’s voice and data capabilities. Link up to 15 sites at geographically dispersed locations, create wide-area coverage or enhance coverage at a single site with physical barriers.

CAPACITY PLUS
Opt for this single site digital trunking system to maximize the capacity of MOTOTRBO. Use it for a high volume of voice and data communications and link over a thousand users at a single site without adding new frequencies.

HEAR CLEARER AND WORK SMARTER WITH MOTOTRBO ACCESSORIES

RADIO ACCESSORIES EXTEND PERFORMANCE
Whether you’re working in harsh conditions, noisy environments, long shifts or looking for discreet communication, MOTOTRBO accessories and batteries stand up to the task and stand out in the field. Time after time, in lab test after test, they outperform leading brands. Our complete portfolio, including wireless Bluetooth earpieces and industry-exclusive IMPRES technology, is designed to perform optimally with our MOTOTRBO radios.

IMPRES MAXIMIZES BATTERY LIFE
For the utility crew working overtime to restore power, the job stops when the radio stops operating. IMPRES chargers evaluate battery usage and determine the best time to recharge it, ensuring you get the most out of every battery. IMPRES batteries can also be left in IMPRES chargers for extended periods without heat damage from the charger, so your batteries are ready to go when you need them.

EXCEPTIONALLY CLEAR AUDIO WITH IMPRES ACCESSORIES
IMPRES audio accessories communicate with the radio to help suppress ambient noise, improve voice intelligibility and amplify loudness – even in noisy situations and harsh weather. So if you’re a security officer with an IMPRES remote speaker microphone or a hospitality manager wearing an earpiece, you can carry on a conversation with clarity, simplicity and certainty.

EXPERIENCE MORE FREEDOM WITH BLUETOOTH
Bluetooth accessories make communications even more convenient giving you freedom to take your radio off your belt or move around your truck (within 30 feet) and still stay connected. Drivers can check on packages in the back of the truck or hotel receptionists can leave the radio on the counter, yet still send and receive critical radio communications.

QUICK-RELEASE ACCESSORY CONNECTOR
The XPR 3000 series features a uniquely designed connector so accessories can be quickly and easily attached and detached with one hand, and an innovative new locking feature connects the accessory without any tools required.

WITH MOTOTRBO ACCESSORIES

HEAR CLEARER AND WORK SMARTER WITH MOTOTRBO ACCESSORIES
MOTOTRBO is remastering digital two-way communications – and redefining what customers expect from a radio solution. With the MOTOTRBO portfolio of portable and mobile radios, repeaters, data applications, accessories, software and services, you can put the right device into the hands of the right user. From the supervisor of a production line, to the facilities manager in a crowded stadium, to the technician repairing power lines, MOTOTRBO radios make workers more efficient and productive.
